Barts Health NHS Trust
St. Bartholomew's, Royal London & Mile End Hospitals
Individual Placement Description

Placement	F2 General Practice
The department	Placements are provided by Health Education North Central and East London (HENCEL) and GP placement practices vary
The type of work to expect and learning opportunities	<p>All doctors need to understand how the NHS works and the interface between primary and secondary care. Key themes in the curriculum for F2 doctors are highly appropriate to general practice</p> <ul style="list-style-type: none"> • Professionalism • Good clinical care • Recognition and management of the acutely ill patient • Discharge and planning for chronic disease management • Relationships with patients and communication skills • Patient safety within clinical governance • Infection control • Nutritional care • Health promotion, patient education and public health • Ethical and legal issues • Maintaining good medical practice • Teaching and training • Working with colleagues
Where the placement is based	HENCEL allocate practices closer to the time of starting the FY2 year
Clinical Supervisor(s) for the placement	This is provided by established GPs who are either GP trainers or supervisors approved by HENCEL.
Main duties of the placement	Trainees are expected to undertake a clinical workload under supervision. Trainees are not expected to do 'out-of- hours' but may choose to experience this as a means of exposure to different types of acute illness and this can be arranged at the discretion of the GP clinical supervisor. Home visits are not compulsory but may provide valuable learning experience.
Typical working pattern in this placement	F2 doctors work a 10 session week (where 1 session is 4 hours). A typical working week might include 7 surgeries, F2s start with 30 min appointments for each patient reducing to 15-20 minutes and always have access to another doctor for support. Other sessions may include learning opportunities such as shadowing other health care professionals or group work with F2s from other practices. Another session may include other project work i.e. audit or directed study and a further session may include half day release for generic teaching programmes
Employer information	The employer for this post is Barts Health NHS Trust.

It is important to note that this description is a typical example of your placement and may be subject to change.

Barts Health NHS Trust
St. Bartholomew's, Royal London & Mile End Hospitals
Individual Placement Description

Placement	F2 Stroke Medicine
The department	The stroke medicine department at the Royal London Hospital incorporates a 12-bedded Hyperacute Stroke Unit (HASU), one of eight in London, serving the inner north east London sector. Also an 14-bedded ASU for Tower Hamlets patients. There are 8 stroke consultants, 1 StRs in Stroke medicine, 3 x clinical fellows, 1 x CMT2 and 3 x FY2. The HASU admits 1400 patients per year.
The type of work to expect and learning opportunities	<p>All F2 Doctors in hospital posts will generally be ward based during the 'normal' working day and expected to deliver the daily medical care of all the patients on their ward irrespective of specialty. The overall educational objectives of the F2 year are to provide the trainee with the knowledge, skills and attitudes to be able to</p> <ul style="list-style-type: none"> <input type="checkbox"/> Take a history and examine a patient <input type="checkbox"/> Identify and synthesise problems <input type="checkbox"/> Prescribe safely <input type="checkbox"/> Keep an accurate and relevant medical record <input type="checkbox"/> Manage time and clinical priorities effectively <input type="checkbox"/> Communicate effectively with patients, relatives and colleagues <input type="checkbox"/> Use evidence, guidelines and audit to benefit patient care <input type="checkbox"/> Act in a professional manner at all times <input type="checkbox"/> Cope with ethical and legal issues which occur during the management of patients with general medical problems <input type="checkbox"/> Educate patients effectively <input type="checkbox"/> Become life-long learners and teachers. <p>Stroke medicine lends itself exceptionally well to providing crucial foundation training. There is a large and rapid turnover of patients with acute presentations covering a large spectrum of pathologies. There is a strong emphasis on MDT management and the unit is consultant led.</p> <p>The candidate, in addition to learning generic skills, will develop valuable expertise in acute neurological assessment, thrombolysis and vascular radiology. There also opportunities to attend clinics and gain experience in neurological rehabilitation on the ASU as well as develop their clinical leadership abilities. There are opportunities for participation in several ongoing audits and research projects.</p>
Where the placement is based	Royal London Hospital, Ward 3E & Wards 12E/F.
Clinical Supervisor(s) for the placement	Dr A Salek-Haddadi

<p>Main duties of the placement</p>	<p>Duties will include:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Daily review of in-patients and new referrals usually with the SpR and/or Consultant <input type="checkbox"/> Ward duties including practical procedures and MDT meetings <input type="checkbox"/> Presenting cases at weekly neurovascular meeting <input type="checkbox"/> TIA Clinics (where daytime duties allow) <input type="checkbox"/> Attending A&E as part of the thrombolysis team <p>Out of hours, the post holder covers the inpatient neurology beds also (approximately 10 beds) and deals with new admissions including thrombolysis calls from A&E with support from a HASU retrieval nurse (24/7 rota) and full consultant support via telemedicine & teleradiology.</p>
	<p>The post holder will work a 1:11 full-shift resident on call rota shared between 7 stroke juniors and 4 neurology juniors. The rota is EWTD compliant with compensatory off days and fixed annual leave. This rota attracts a 1a banding supplement (equivalent to 50% of basic salary).</p> <p>Mon am: HASU WR, ASU MDT Mon pm: Ward Work & Thrombolysis calls</p> <p>Tue am: HASU WR Tue pm: Ward Work & Thrombolysis calls Stroke Teaching</p> <p>Wed am: HASU WR Wed pm: Ward Work & Thrombolysis calls</p> <p>Thu am: HASU WR Neurovascular meeting Audit meeting Thu pm: Ward Work & Thrombolysis calls</p> <p>Fri am: HASU WR Fri pm: Ward Work & Thrombolysis calls</p> <p>There are daily weekend consultant ward rounds (Sat and Sun) when the post holder is on duty.</p>
<p>Employer information</p>	<p>The employer for this post is Barts Health NHS Trust. The post will be based in the Royal London Hospital, Whitechapel, London</p>

It is important to note that this description is a typical example of your placement and may be subject to change.

Barts Health NHS Trust
