## Individual Placement Description

<b>Placement</b>	F1 Diabetes & Endocrinology
<b>The department</b>	Diabetes & Endocrinology (D&E, Gillian Hanson Centre). The department comprises 3 full-time D&E consultants and an acute physician with an interest in D&E. Key supporting staff include 4 acute diabetes specialist nurses, all located in the Gillian Hanson Centre, and 2 specialist registrars (one each in D&E and renal medicine)
<b>The type of work to expect and learning opportunities</b>	<p>Acute and inpatient general medicine; specialist diabetes – acute and inpatient</p> <p>The general daytime ward work is currently divided among 2 or 3 acute wards between the 3 F1 trainees. The majority of patients are acute general medical inpatients, but a number of patients will have predominantly diabetes-related problems, especially hyperglycaemic emergencies and complex foot problems.</p> <p>We currently operate a consultant of the week (COW) rota, shared between the 4 consultants. COW is responsible additionally for complex diabetes patients around the hospital. Renal patients are the responsibility of the renal consultants, but on rotation, the F1 trainees supervise the day to day management of specialist renal patients throughout the hospital, together with the renal registrar.</p> <p>Specific learning opportunities of the post include:</p> <ul style="list-style-type: none"><li>• Management of acute diabetes emergencies</li><li>• Routine management of inpatient diabetes (especially insulin treatment)</li><li>• Occasional acute endocrinology (pituitary, adrenal, thyroid, hypercalcaemia and electrolyte problems)</li><li>• We expect F1 trainees to attend at least one diabetes outpatient clinic and spend a few hours with the diabetes specialist nurses, to develop their skills in ambulatory diabetes care</li></ul>
<b>Where the placement is based</b>	Wards and Gillian Hanson Centre, WXUH

<b>Clinical Supervisor(s) for the placement</b>	Dr John Flood, Dr Abdul Lakhdar, Dr Rina Davison
<b>Main duties of the placement</b>	<p>In addition to general duties of F1:</p> <ul style="list-style-type: none"> <li>• General ward work, with particular emphasis on history taking and clinical examination, development of differential diagnoses and short- and medium-term management plans. Discharge planning with other members of the MDT.</li> <li>• Maintaining accurate, concise records, with updating of clinical problem lists.</li> <li>• Communications with other professionals and patients and carers.</li> <li>• Seeking senior support and guidance where appropriate.</li> <li>• Attendance at weekly radiology and academic meetings.</li> <li>• Maintaining an adequate rate of acquisition of required assessments.</li> <li>• Safe prescribing of diabetes medications, including insulin, and appropriate day to day dosage adjustments.</li> </ul>
<b>Typical working pattern in this placement</b>	<p>Typical working pattern in this post e.g. ward rounds, clinics, theatre sessions Daily/weekly/monthly (if applicable)</p> <p>Mon: 9-00: Ward round with COW (every day) 8-30: Radiology meeting Tues: 13-00 Grand Round Wed: 13-00 Foundation Teaching Thurs: 12-00 Academic meeting (journal clu Fri: 9 – 00 Ward round and Word work</p> <p><i>On call requirements:</i> Approximately 1 day a week 8-30 am -- 9-00 pm in A&amp;E (medical cases)</p> <p>Ward cover up to 9-00 pm about once a week</p> <p>Occasional weekend ward cover (8-30 am – 9-00 pm) and discharge round with consultant</p>
<b>Employer information</b>	Barts Health Whipps Cross University Hospital NHS Trust.

## **Glossary of terms**

### **Placement**

A structured and supervised training opportunity within a community or hospital setting, lasting no less than four months and no more than six months.

### **Rotation**

A combination of placements configured to deliver one year training at F1 or F2. One year stand alone rotations are offered by some schools. As an organisational unit, a programme is made up of two rotations". Some schools may refer to 'rotations' as 'tracks'.

### **Foundation Programme:**

A two year programme for an individual trainee/doctor made up of F1 and F2 rotations.

Some schools offer a full two year integrated programme and others which allocate to F1 and F2 as two separate processes.

## Individual Placement Description For Whipps Cross University Hospital

<b>Placement</b>	F1 in respiratory and general medicine.
<b>The department</b>	The Chest Department medical staff consists of 7 consultants, 3 SpRs, 1CT2, 1CT1, 1F2 and 4 F1s. A further 2F1s rotate through another general medical ward. We are currently responsible for 2 base wards totaling 29 patients, 2 outlying wards with an average 4-10 patients, as well our usual out-patient clinics, lung function, sleep and bronchoscopy service.
<b>The type of work to expect and learning opportunities</b>	All F1 Doctors will generally be ward based and expected to deliver the daily medical care of all the patients on their ward. Most of the patients are admitted with primary respiratory problems, but the population is generally elderly and they frequently have multiple comorbidities leading to complex medical management. There are multiple learning opportunities both on the job and formally, including: daily out-patient clinics, weekly clinical and X-ray meeting, weekly lung cancer MDT, weekly grand round, weekly dedicated F1 teaching including clinical skills in a state of the art skills and simulation suite, lung function and sleep.
<b>Where the placement is based</b>	Whipps Cross Hospital
<b>Clinical Supervisor(s) for the placement</b>	Drs Quantrill, Darmalingam, Reinhardt, Raines and Mohammed.
<b>Main duties of the placement</b>	These include daily ward round of patients with a more senior colleague, care of patients throughout the normal working day, organisation of relevant tests and referrals, procedures when needed, liaison with the multi-professional team. The F1 will usually participate in the general medical on-call rota as well, admitting patients to the medical admissions unit. One F1 post is unbanded.
<b>Typical working pattern in this placement</b>	<i>Example job timetable:</i> Mon: 0900 Ward round/Bronchoscopy 1300 Clinical and X-ray meeting 1500 – 1700 Ward work Tues: 0900 Ward round 1300 Grand round 1400 Out patients clinic Wed: 0900 Ward round 1300 – 1400 Foundation Teaching 1500 – 1600 Clinical skills 1600 - 1700 Ward work Thurs: 0800 Lung cancer MDT 0930 – 1300 Ward round 1300 – 1700 Ward work Fri: 0900 – 1300 Ward round

	1300 – 1700 Ward work
<b>Employer information</b>	<p>The employer for this post is Barts Health NHS Trust. The post is be based at Whipps Cross Hospital.</p> <p>Whipps Cross Hospital, which is a medium sized acute NHS Trust and provides an extensive range of secondary services for the growing local community of approximately 280,000. About 25% of the population is over 65. In the summer months the population increases by up to 100,000 visitors.</p>
