Individual Placement Description For Whipps Cross University Hospital

Placement	F1 in respiratory and general medicine.
The department	The Chest Department medical staff consists of 7 consultants, 3 SpRs, 1CT2, 1CT1, 1F2 and 4 F1s. A further 2F1s rotate through another general medical ward. We are currently responsible for 2 base wards totaling 29 patients, 2 outlying wards with an average 4-10 patients, as well our usual out-patient clinics, lung function, sleep and bronchoscopy service.
The type of work to expect and learning opportunities	All F1 Doctors will generally be ward based and expected to deliver the daily medical care of all the patients on their ward. Most of the patients are admitted with primary respiratory problems, but the population is generally elderly and they frequently have multiple comorbidities leading to complex medical management. There are multiple learning opportunities both on the job and formally, including: daily out-patient clinics, weekly clinical and X-ray meeting, weekly lung cancer MDT, weekly grand round, weekly dedicated F1 teaching including clinical skills in a state of the art skills and simulation suite, lung function and sleep.
Where the placement is based	Whipps Cross Hospital
Clinical Supervisor(s) for the placement	Drs Quantrill, Darmalingam, Reinhardt, Raines and Mohammed.
Main duties of the placement	These include daily ward round of patients with a more senior colleague, care of patients throughout the normal working day, organisation of relevant tests and referrals, procedures when needed, liaison with the multi-professional team. The F1 will usually participate in the general medical on-call rota as well, admitting patients to the medical admissions unit. One F1 post is unbanded.
Typical working pattern in this placement	<i>Example job timetable:</i> Mon: 0900 Ward round/Bronchoscopy 1300 Clinical and X-ray meeting 1500 – 1700 Ward work Tues: 0900 Ward round 1300 Grand round 1400 Out patients clinic Wed: 0900 Ward round 1300 – 1400 Foundation Teaching 1500 – 1600 Clinical skills 1600 - 1700 Ward work Thurs: 0800 Lung cancer MDT 0930 – 1300 Ward round 1300 – 1700 Ward work

	<p>Fri: 0900 – 1300 Ward round 1300 – 1700 Ward work</p>
<p>Employer information</p>	<p>The employer for this post is Barts Health NHS Trust. The post is be based at Whipps Cross Hospital.</p> <p>Whipps Cross Hospital, which is a medium sized acute NHS Trust and provides an extensive range of secondary services for the growing local community of approximately 280,000.
